

# Front Page Front 2010

A sudden puff of wind ruffles the pages of a newspaper. The creative inspiration takes wing thus for the new magazine rack designed by the Swedish team, Front, for Kartell. The Front Page design captures the riffling pages and breathes life into an object of lightness and elegance with its sinuous lines fanning into a curved semicircle of shelves. Front Page is a very special interior design item, something little transformed into something irresistible.
